

## **RE: New Online and Mobile Banking Systems coming in late June**

Dear HFB Customers,

We are excited to announce that we will be introducing a new online banking system and mobile app in late June. The new system will offer all of the same functionality you are accustomed to while introducing a few new features designed to enhance your banking digital experience. Our new innovative platform – online and mobile - will offer a unified suite of features that give you the power to manage your money quickly. It is total financial management at your fingertips.

The new Mobile Banking app will offer fast, secure access to everything you need to conveniently pay bills, easily make mobile deposits, and quickly lock and unlock debit cards.

**Please watch for upcoming communications and notifications with more details on the new system.**

**Questions about the new Online and Mobile Banking features?  
Need help updating your customer information?**
